SUMMARY

A passionate web developer based in Cavite, Philippines. I specialize in designing and maintaining responsive websites that deliver a seamless user experience. I offer complete solutions, covering domain registration, hosting, design, development, and mobile optimization. My strength lies in creating dynamic and engaging interfaces by writing clean, optimized code and leveraging the latest development tools and techniques. Additionally, I excel at collaborating with cross-functional teams to build exceptional web applications.

TECHNICAL SKILLS

Web development (WordPress, Tutor Lms, WooCommerce, HTML, CSS, JavaScript, Php & MySql)

Web Design (Figma, Canva & Adobe Photoshop)

Technical SEO (Ahrefs, Semrush, ScreamingFrog, Google Search Console, PageSpeed Insight, etc.)

Domain & Hosting Setup (Hostinger, GoDaddy & Namecheap)

API Integration (Paypal Payments , Google Meet, Zoom, Google Logins)

Other Tools and Platforms (RankMath, Yoast SEO, MailChimp, SiteBulb, CapCut, FireFly Adobe, Slack, Notion, ChatGPT, Gemini, Loom, Skype, Zoom, etc.)
